About us

Hey! Pandora's been this awesome creative hub since 2012 where everyone - and I mean EVERYONE - gets to be themselves. We're all about turning our differences into pure magic through improv. It's not just a space, it's a vibe where you can totally be you, no questions asked!

Plus, it's a safe place where everyone, from teachers to students, take care of each other.

It's not the "Italian festival"... It's Pandora, baby!
